Sheffield & District Reform Jewish Congregation

## Community Development Worker

**Hours:** 10 to 20 hrs / week flexible

**Salary:** negotiable – based on skills and previous experience

**Contract:** 12 months - but could be extended

Sheffield & District Reform Jewish Congregation is a constituent member of the Movement for Reform Judaism. We are a small but inclusive Community based in Sheffield. We currently have about 50 members but are aware that there are Jews in the area who are unaffiliated who we would like to reach out to and engage.

This exciting position is to support us with increasing engagement in our Community of both existing and potential new members, with a view to also increasing our membership.

With the ability to network and reach out to all ages within the Community, you will help plan, organise and run appealing and interactive events and programmes, with the flexibility to be creative and try out new ideas. You will also help us to develop our communications with our members and friends, using both traditional and social media techniques.

This is a real chance to make a difference, to make your mark and become really involved.

Please contact us at [cdw@shef-ref.co.uk](mailto:cdw@shef-ref.co.uk) - and we will send you an information pack and application form.

However if you wish to speak to someone about this role first, please e-mail or ring us on our synagogue phone / voicemail (0771 920 9259 or 0114 400 0054) - if you leave your contact details, we will ring you back.

**Application Deadline: 4th December 2018**
